

2019
Roof Hatch &
Guardrail System

KATTGUARD

Roof Hatch Guardrail **KATTGUARD**

➤ The **KATTGUARD** aluminum roof hatch guardrail system is designed to meet OSHA requirements for safe entry through roof top openings. The innovative fastening system eliminates the need to drill holes into the roof surface that potentially would jeopardize the roof warranty. This system installs in minutes with basic tools and does not require special training or certification for proper installation.

Applications

- Fall protection around roof hatch

Features

- Permanent fall protection system goes up in minutes
- Meets OSHA requirements for roof top openings
- Can attach to any size roof hatch
- Aluminum construction - corrosion resistant and lightweight
- No roof penetration - protects roof warranty
- Features a self-closing gate and grab bars
- 10 year warranty*

*Does not include moving components

Roof Access Hatch

KATTHATCH

➤ The **KATTHATCH** roof access hatch provides convenient, cost efficient rooftop access, allowing for ladder and stair access to the roof from the interior of the building. The **KATTHATCH** roof access hatch is designed and engineered for use over roof openings and is secured from the base flange to the roof for superior durability, safety and ease of installation.

Applications

- Safe, secure access to rooftop areas

Features

- Durable construction - made to outlast the life of your roof
- Galvanized 14 gauge steel cover and curb
- Full insulated cover and curb
- Locking feature for added security
- Full 90 degree opening
- High load capacity up to 70psf
- Heavy duty torsion coil spring for easy open/close
- Pre-drilled holes for simple install of the KATTGUARD
- 5 year warranty
